The RCC Hume Pipes, manufacturer and suppliers of RCC Pipes, Collars (as per IS 458/2003), Manhole Covers, Designed Parking Tiles & Other Cement Products.

The RCC HUME PIPES are manufactured using premium quality materials in various dimensions and weights in compliance with international quality standards. These pipes can also be customized as per the requirements detailed by the clients. The clients can select from us an extensive range of pipes that are known for durability, strength and reliability. These pipes are manufactured using cement, sand, aggregate and steel.

Our pipes are widely used in Water Supply, Irrigation, Drainage, Power Generation and Rail transport by executing numerous turnkey pipeline projects for Water Supply, Sewerage and Hydroelectric Power Generation etc.
